STOLE A WATCH.—Early yesterday morning

officers arrested one of the parties.

City Marshal Westcott of Newburyport, Mass., received information relative to the whoreabouts of Brown that led him to suspect that that person was in some way mixed up in the great bond robbery. As he wanted Brown upon another charge he thought it would do no tarm to look after him. He accordingly started for New-York, gathering information as he went, and ascertaining that Brown was in this city, and was just then contemplating to co to Beston, he applied to the contemplating to co to Beston, he applied to the contemplating to co to Beston, he applied to the range of this business must their same at the New Haven depot on Menday night week satched in hand, and followed him over to Boston. The sarrest was made on the cars, but as Marshal Westcondol hold the prisoner on a charge at Newburyport, he was taken there at once. Detectives Heath and Jones of Boston were then sent for, and had an interview with the prisoner. Marshal Murray was telegraphed by his men that the man was in custody, and Cluef Young was also sent for. Brown confessed his guilt to the officers, and seemed to make no scraples of tow he had done the job. Chaer Young came on armed with a power of attoracy from Mr. Lordto set the same if that individual were present; but all attempts a segoination for that time failed.

Rown's terms were teres and plain; he stated that he knew the location of the bonds, that they could only be brought back through him, and that the price he demanded for them was \$100.000 cash and his fiberty, otherwise they night send him to prison, and the bonds remain hid until doomslay. Chief Detective Young and Mr. Chief Detective Young and the prisoner was committed for trial by Justice Ledwith, without bail. He is a native of England, aged 25 years. The accomplice escaped.

Kitching of the firm of Tellkampf & Kitching, commission merchants, of No. 49 Beaver-at. The complainant states that on December II the defendants placed in the eare of his firm nine baies of wooi, valued at \$1,000 to sell on commission, receiving therefor a receipt. This receipt, it is charged, was sold by the defendants to the New-York Warehouse and Security Company, for \$1,200, and that they subsequently sold the wooi to the complainants for \$1,200, the latter of course, being unaware of the fact that the receipt had been sold to the abovementioned company. An examination in the case was had on Saturday before Justice Mansfield, and Mr. Comor, having proven to the satisfaction of the Court that he was alseent in Europe at the time of the transaction, he was discharged. The prisoner Mumford was lield to ball in the sum of \$1,500, Mr. Patrick H. Drake of No. 145 Liberty-st, became his surety for the amount. The accused is aged 33 years, a native of this city, and resides at No. 79 East Fourteenthes.

Erown at the same time moving his feet to create some noise, and speaking still more emphatically on the hop question. As it is no unusual matter to see the boxes carried along Wall-st, at any time of the day, these were taken with perfect impunity. Brown left directly afterward and joined his comrades. The bonds were then taken to a secure piace and locked over.

To make each man secure it was proposed to divide them into seven parcels, making about the sum of \$210,000 to each man. This being done, a rendezvors was appointed, where the seven done had been divided as the equiling to directly an about the sum of neighbor of confiscation, on the property were compared to divide the announcement of the reward, which they were certain would be offered. This done, the next matter was to fix a time and place where the seven could meet and negotiate the return of the property. Boston was the city chosen, and March 22 the day named for the gathering of the precious assemblage. It is stated that some propositions were already neading when the Markal's comparison of the property was worth. The plantiffs were stripped of everything, and finally escaped from the State and C. A. Runkle have been retained for the plantiffs.
